

## Wago 51008291 junction box.

### Key features.

- A multipurpose electrical junction enclosure
- Designed for use with the Wago 222 and 773 series terminal blocks
- Cables are cut to size and connected outside the box
- No awkward connections in a small space
- No screws or fiddly clamp bars
- Cables slot into position and are secured in seconds
- Uses simple to fit Wago pushwire and lever clamp terminal
- Supports up to 6 cables
- Fits through a 60mm diameter spot light hole
- Can take as little as 25% of the time it takes to install a screw terminal style junction box
- Easier to use, quicker to fit and more configurable than any other junction box of it's size
- Robust cable grippers that can be configured in seconds to grip cables up to 8.00mm in diameter
- The integrated cable clamp can secure flex and 6242Y and 6243Y cables from 1.0mm $\varnothing$  to 6.0mm $\varnothing$  twin and earth

### Specification.
